INTRODUCTION

Drishti is a professional organisation which has a strong belief in Inclusion and has been empowering mainstream schools to support children with special education needs and their families since 1994. We work with children in the age groups of 2 to 18 years and focus on enhancing their well-being. Our psycho-educational reports are accepted by all educational boards—ICSE, CBSE, CIE, IGCSE, IB. We do about a 1,000+ assessments every year at our locations at Mumbai, Bengaluru and Pune. Our work has over the years impacted children from schools PAN India and the UAE. In our Silver Jubilee year we wish to bring our expertise through these Toolkit Trainings to benefit professionals who are entering or are working in the field and 'power' them to better support children with Special Education Needs:
